TRIAL PROGRAM

We will deliver a cabinet(s) or cart(s) to your business to evaluate our Repeat Scheduling Service. This is offered for 1 month, **Free of Charge**. Ask for details.

Collection Cabinets and/or Carts are furnished **"Free of Charge"** when using our services.

The World we live in

it wasn't that long ago when we could simply toss confidential paper & records in our trash but not today.

Businesses have a responsibility to protect their business records, intellectual property, their employees confidential employment data and their customers confidential information.

A Shred Solvers Representative can identify your needs & tailor a paper shredding program, to address those needs.

Don't hesitate. It's a simple process & our services aren't expensive, but the cost of not implementing a program could be enormous.
